

Pirates on board!

Early Years (Nursery and Primary One)

Workshop approx. 1 hour 15 mins

Join us on board the R.R.S Discovery for a pirate adventure!

Firstly your class will be introduced to the theme by exploring the Discovery treasure chest which is full of surprises. You can settle down and read from a selection of pirate adventures, dress like a pirate and get to experience some of the pirate chores on deck. Finally hunt for the objects around the ship to reach the pirate treasure!

- Teacher-led story time and dressing up in the Discovery Centre
- Climb on board for a teacher-led object hunt around the ship
- Scrub the deck and polish those brasses shipmate!
- Following this you and your class may also like to tour the exhibition.

Teachers will be given guiding notes which provide interesting information for you to share with your class along the way. All of the objects will be collected in your Discovery backpack and the trail will eventually lead you to the treasure chest.

Areas of curriculum and learning outcomes

Learning outcomes:

We hope that by taking part in this workshop your class will experience challenge and enjoyment, and opportunities such as active learning through play and recreation within the community will contribute to healthy growth and development.
